

I have just received a request from the National Fell Runners Association for Keswick Athletic Club to stage a GB Trial Race for the 2026 European Off Road Running Championships from Fitz Park on Friday 1 May 2026. It will be an Uphill only race up Skiddaw using the pavilion as event HQ. I appreciate it is some time away but they would like the details to be included in the National Calendar of events which is finalised for publication in October.
