Christine Fawcett

Thankfully we have had some drier weather in April and spring is in air. Thanks, must goes to all the staff for their continued hard work in these challenging times within the parks and office.

Due to the Coronavirus government restrictions and the town council's responsibility to its staff, officers have been working from home when possible and the parks staff are maintaining the parks observing the social distancing rules that have been applied to us all.

Please note that these improvement works contained in this report were carried out before Covid 19 restrictions were put in place in March 2020. Essential maintenance is only been carried out on the tennis courts, bowling green, putting greens, fairways, and ornamental lawns in line with government guidelines and notifications from sporting organisations.

Hope Park

The crazy obstacle golf course has been repainted and repairs have been carried out. These include installation of several new golf cup holes and resetting of kerb edging.

The greens have all been fertilized in the first week of March and are starting to grow. A few perennial weeds were starting to grow within the greens including daisy, mouse ear chickweed and dandelion; these have been treated with herbicide along with an application of worm cast suppressant.

The bedding plants have been cancelled due to Covid 19 restrictions and staff availability. Depending on how things develop with Covid 19 and the how long the restriction last; this will determine what is planted in the parks this year.

The tulips have provided a lovely display this April and thrived in the warm dry spell we have had. Varieties include Apricot beauty, Jan van nes and Alfaire.

With the success of the wild flower meadow within the Fairtrade border last year, we have chosen

to sow another wild flower mix in here again this year. Last year the mix was the "Classic mix" supplied by Pictorial Meadows and the same has been planted this year. The seed has been sown and we should see the first stages of flowering after 6-8 weeks of germination.

Last year's winter bedding was replanted beside the entrance to the woodland footpath and has provided a colourful display. This has improved an area once covered in grass weed.

Townsfield

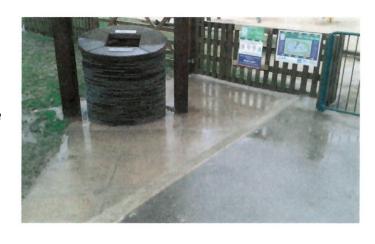

The grass has been cut in mid-April and twice a month for the growing season

Lower Fitz Park

The damaged grassed area around the play area wishing well/donation box has been paved and improves the appearance of the area.

The play area, community gym and community sports area remain closed at the time of writing this report and are being monitored on a regular basis.

Grass cutting of Lower Fitz has begun and is been carried out on twice monthly basics.

All tree works planned for the parks in late March and early April were suspended as being deemed not necessary. Once the restrictions were eased the dead Hornbeam tree was removed from near the car park at Crosthwaite road. Remaining tree work will be carried out when possible to do so.

Upper Fitz Park

The tennis courts, bowling green and surrounding grassed areas have been aeriated and fertilizer applied. An application herbicide to control turf weeds has been carried out and scarifying to remove the moss will continue when possible throughout the season. The tennis courts have not been marked out but will be if restrictions allow.

All shrub beds have been mulched and pruning of the shrub bed next to the bowling green has been completed. A bug hotel has been created from off cuts of wood and other recycled materials including terracotta plant pots. This has been installed near the compost bays along with wooden railings. A wildflower mix "Aqua" has been planted under the railings to attract wildlife.

A number of Daffodil and Crocus bulbs where planted last Autumn within the shrub beds in the park, these have flowered well and continue to do so for years to come.

A new wooden edge has been installed along the bowling green border. This will be useful to keep the bark mulch off the footpath and create a clean edge to the border.

Fitz Park Stakeholder Updates

May Trust Meeting 2020

The following information has been received from the clubs resuming 'play' under Government Guidelines and the potential re-opening of Café West:-

Keswick Cricket Club - Update as of 17th May 2020 - Keith Richardson

'The England and Wales Cricket Board (ECB) has through the Government given the go ahead for practice sessions to be held - under strict guidelines - at all amateur cricket clubs right across the UK.

Keswick Cricket Club intend to follow all the rules and restrictions that are being imposed to allow this to happen and to give members of the club, essentially young cricketers, the opportunity to have cricket practice as part of their exercise regime.

KCC has decided it would like to implement the system of practice and has prepared the practice area accordingly and put in place the rules with club coaches overseeing the system to ensure it is followed to the letter. The essential ingredient of the rules is that only two people are allowed to use a net area at any one time and must exercise social distancing at all times. We will be operating a rota system run by one of our coaches.

We feel it is important that young players are given this opportunity. It is also important to provide some sort of continuity and activity through the club at a time when cricket leagues and matches are still not permitted to happen.

We are continuing to maintain the grass and are cutting and working on the cricket square and the much larger outfield, both of which are in excellent condition and much appreciated, as such, by park users in general. We have removed the storm battered mesh fencing around the square.

For young players to be able to practice is, we feel, of vital importance and just a small step in trying to establish some sort of 'normality' in their lives.

We will, as stated, follow rigorously all the guidelines that are being put into place and if there is a change in approach by Government / ECB then we will follow that immediately.

KCC will 'police' the practices very stringently, signage will be put in place, there will be feeds on social media, a booking system will be introduced and usage monitored by the clubs Head Coach.'

For information: All documentation has been supplied to the Trust and discussions have taken place with the Parks Manager.

Fitz Park Bowling Club - Update as of 18th May 2020 - Derryck Corrigan

'Bowls England in conjunction with the Government, have agreed that we can start up playing bowls, under strict conditions, a copy of the rules are supplied.

Fitz Park Bowling Club, feel that it is only right, that the Trustees, who own the green, give us permission to open up, on a very limited scale.

Note: Cumbria Bowling Association sent the bowls specific guidance for opening bowling greens to the Club along with the guidance below:-

- Please make sure that if you are allowing play to take place on your green, that the guidance is followed for everyone's safety.
- Please also make sure that all your members are made aware of how anyone can play, and use the equipment and club house, and that you have all the relevant sanitizing requirements available.'

For information: In consultation with the Trust Chair, Vice Chair, Parks Manager and Officers it was decided that there is confidence in the club adhering to the strict guidelines, as we all are, and there would be no issue with this.

Café West, Fitz Park - Potential Reopening - Update as of 7th May 2020 - Kirsty McGrath

'I am starting to put together a risk assessment for the potential re-opening of Café West in Fitz Park, is there anything from the parks point of view that you would like me to consider / incorporate into the R/A?

Would it be possible to have a queuing system that ran outside of the café boundary area into the park? If that is a possibility would the park have a preferred method of marking social distancing spaces (paint, tape, chalk)? And a preferred location for this to happen (along the fence up towards the main vehicle access gates)?'

For information:-

- No potential opening dates have been agreed as yet, this will be pending government guidance.
- At the moment the staff team are furloughed until the end of May, but they can be recalled sooner.
- Managers have been made aware this will be discussed at the Trust meeting.
- Further information can be provided if required.
- If anything changes with opening dates / times etc. I will let you know.

Trustees and officers are asked if there is anything from the parks point of view that they would like Café West to consider or incorporate into the Risk Assessment prior to re-opening?

Wellbeing Bunting - Fitz Park

Request from Tracey A Williams, Consultant Counselling Psychologist & Psychosexual Therapist, North Cumbria Integrated Care NHS Foundation Trust

Dear Team

I am a psychologist and clinical lead for the Cumbria (NHS) Wellbeing Service. We have recently initiated a project which goes beyond our own service users to individuals and communities Cumbria wide. The idea is to encourage everyone to collaborate on making a bunting line as a means to promoting health and wellbeing and reducing social isolation. The world record currently stands at just under 12 miles and we are aiming to exceed this. We started the project in our creative wellbeing group at Keswick Hospital and would really like to display the finished bunting (we envisage this will be towards the end of the year due to covid-19 restrictions) from the hospital through Fitz Park and along the Keswick to Threlkeld railway track (once its finished).

I am **attaching** a copy of our poster for your information and <u>I wonder if we would be able to obtain permission to eventually display the bunting through the park</u> and also whether you would share the project with employees, family, friends and encourage them to make/contribute flags and/or bunting.

Many thanks

Tracey

JOIN the NHS Wellbeing Bunting Challenge

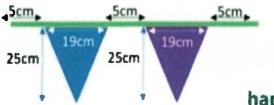

Join our challenge to show a united, creative Cumbria!

Our aim is to create 12 miles of bunting (it would be a world record) created by Cumbrians to celebrate creativity and unity.

The intention is for the finished Item to be displayed locally as a celebration of wellbeing.

The Wellbeing Service recognises the importance of creative activity for general wellbeing and social contact. This project, launched before the Covid-19 crisis, seems now even more relevant as we tackle self isolation. While we can't get together in person, we can in spirit!

Simply follow the size guide below using recycled material, make as many flags as you want, be creative, add your personal 'made in Cumbria' touch and HAVE FUN!

12 miles of bunting equals only 80,472 flags! If everyone in Cumbria contributed just one flag we would have 498,888 flags!!)
